[illegible]

The first of these is the fact that the world is not a flat surface. It is a sphere, and this means that the distance between two points on the surface is not the same as the distance between two points in a straight line. This is why the shortest path between two points on a sphere is a curve, and not a straight line.

The second of these is the fact that the world is not a uniform surface. It is covered in mountains, valleys, and oceans, and this means that the distance between two points on the surface is not the same as the distance between two points in a straight line. This is why the shortest path between two points on a sphere is a curve, and not a straight line.

— STEVE OWEN

STEVE OWEN, Coach of the N. Y. Football Giants, Eastern Champions of the National Professional Football League says, "That's a football game to us! And every minute uses vital food-energy in strenuous exertion. That's why Dextrose is the ideal 'fuel' sugar for athletes—because Dextrose provides quick food-energy when it's needed. Baby Ruth is a great candy bar for athletes because it is so rich in real Dextrose food-energy sugar."

Steve Owen

Every ingredient in Baby Ruth is carefully selected to make this big candy bar as nutritious as it is delicious. It's a luscious blend of rich chocolate coating, smooth creamy caramel, delightful opera cream, plump freshly-roasted peanuts and Dextrose food-energy sugar.
